#### **Analysis of Agreement Containing Consent Order To Aid Public Comment**

The Federal Trade Commission has accepted, subject to final approval, a consent agreement from Epic Marketplace, Inc. and Epic Media Group, LLC.

The proposed consent order has been placed on the public record for thirty (30) days for receipt of comments by interested persons. Comments received during this period will become part of the public record. After thirty (30) days, the Commission will again review the agreement and the comments received, and will decide whether it should withdraw from the agreement and take

appropriate action or make final the agreement's proposed order.

Epic Marketplace, Inc. ("Epic") is an advertising company that engages in online behavioral advertising, which is the practice of tracking a consumer's online activities in order to deliver advertising targeted to the consumer's interests. Epic is a wholly-owned subsidiary of Epic Media Group, LLC ("EMG"). Epic acts as an intermediary between Web site owners who publish advertisements on their Web site for a fee ("publishers") and advertisers who wish to have their advertisements placed on Web sites. Epic purchases advertising space on publishers' Web sites and contracts with advertisers to place their advertisements on the Web sites. Epic refers to the network of Web sites on which it purchases advertising space as the Epic Marketplace Network, which includes over 45,000 publishers.

The Commission's complaint alleges that, from March 2010 through August 2011, Epic engaged in "history sniffing"—running software code on a Web page to determine whether a user has previously visited a Web page—by checking how a user's browser styles the display of a hyperlink. This practice allegedly allowed Epic to determine whether a consumer had visited any of over 54,000 domains, including pages relating to fertility issues, impotence, menopause, incontinence, disability insurance, credit repair, debt relief, and personal bankruptcy. According to the complaint, history sniffing allowed Epic to determine whether consumers had visited Web pages that were outside the Epic Marketplace Network, information it would not otherwise have been able to obtain, and Epic used this history-sniffing data for behavioral targeting purposes.

The FTC's complaint charges that Epic and EMG violated Section 5(a) of the FTC Act by falsely representing to consumers that respondents only collected information on consumers' visits to Web sites within the Epic Marketplace Network. The complaint also alleges that the companies failed to disclose to consumers that they were engaged in history sniffing.

The proposed order contains provisions designed to prevent Epic; EMG; their parent company FAS Labs, Inc.; and any of their subsidiaries, successors, and assigns (collectively, "respondents") from engaging in practices similar to those alleged in the complaint in the future.

Part I of the proposed order prohibits respondents from misrepresenting in any manner, expressly or by implication: (A) The extent to which they maintain the privacy or

<sup>1</sup> In particular, the written request for confidential treatment that accompanies the comment must include the factual and legal basis for the request, and must identify the specific portions of the comment to be withheld from the public record. See FTC Rule 4.9(c), 16 CFR 4.9(c).

confidentiality of data from or about a particular consumer, computer, or device, including but not limited to the extent to which that data is collected, used, disclosed, or shared; or (B) the extent to which software code on a Web page determines whether a user has previously visited a Web page.

Part II of the proposed order prohibits respondents from collecting any data through history sniffing—running software code on a Web page to determine whether a user has previously visited a Web page by checking how a user's browser styles the display of a hyperlink or by accessing a user's browser cache—or using any data obtained by history sniffing.

Part III of the proposed order prohibits respondents from using, disclosing, selling, renting, leasing, or transferring any information that was collected using history sniffing. In addition, within five (5) days after the date of service of the order, respondents must permanently delete or destroy all information collected using history sniffing.

Parts IV through VIII of the proposed order are reporting and compliance provisions. Part IV requires that respondents retain, for a period of three (3) years, documents relating to its compliance with the order. Part V requires dissemination of the order to all current and future principals, officers, directors, and managers; and all current and future managers, employees, agents, and representatives who have responsibilities on behalf of respondents with respect to the subject matter of this order. Part VI ensures notification to the FTC of changes in corporate status. Part VII mandates that respondents submit an initial compliance report to the FTC and make available to the FTC subsequent reports. Part VIII is a provision "sunsetting" the order after twenty (20) years, with certain exceptions.

The purpose of the analysis is to aid public comment on the proposed order. It is not intended to constitute an official interpretation of the proposed complaint or order or to modify the order's terms in any way.

By direction of the Commission.

## GENERAL SERVICES ADMINISTRATION

[OMB Control No. 3090-0274; Docket 2012-0001; Sequence 16]

### Public Buildings Service; Submission for OMB Review; Art-in-Architecture Program National Artist Registry (GSA Form 7437)

**AGENCY:** Public Buildings Service (GSA).

**ACTION:** Notice of request for comments regarding an extension to an existing OMB clearance.

**SUMMARY:** Under the provisions of the Paperwork Reduction Act, the Regulatory Secretariat will be submitting to the Office of Management and Budget (OMB) a request to review and approve an extension of a previously approved information collection requirement regarding Art-in-Architecture Program National Artist Registry (GSA Form 7437). A notice was published in the **Federal Register** at 77 FR 58141, on September 19, 2012. No comments were received.

The Art-in-Architecture Program is the result of a policy decision made in January 1963 by GSA Administrator Bernard L. Boudin who had served on the Ad Hoc Committee on Federal Office Space in 1961-1962.

The program has been modified over the years, most recently in 2009 when a requirement was instituted that all artists who want to be considered for any potential GSA commission must be included on the National Artists Registry, which serves as the qualified list of eligible artists. The program continues to commission works of art from living American artists. One-half of one percent of the estimated construction cost of new or substantially renovated Federal buildings and U.S. courthouses is allocated for commissioning works of art.

Public comments are particularly invited on: Whether this collection of information is necessary and whether it will have practical utility; whether our estimate of the public burden of this collection of information is accurate, and based on valid assumptions and methodology; ways to enhance the quality, utility, and clarity of the information to be collected.

**DATES:** Submit comments on or before: January 10, 2013.

**FOR FURTHER INFORMATION CONTACT:** Ms. Jennifer Gibson, Office of the Chief Architect, Art-in-Architecture & Fine Arts Division (PCAC), 1800 F Street NW., Room 3305, Washington, DC 20405, at telephone (202) 501-0930 or via email to [Jennifer.gibson@gsa.gov](mailto:Jennifer.gibson@gsa.gov).
